

Email Marketing

Email is one of the fastest and easiest ways to connect with patients or clients. Our easy-to-set-up email templates and content blocks help keep patients or clients engaged with your practice and remind them that they have options when it comes to moving forward with their beauty goals.

Email Content Blocks

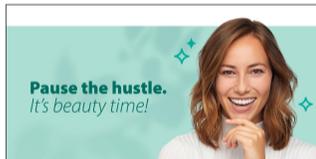

The beauty of these content blocks lies in their flexibility. You can use them in a variety of ways, depending on your needs. Stack multiple blocks together to create a comprehensive email or insert individual blocks into your existing emails to enhance your communications. Link these assets to your website to make it easy for your patients or clients to take the next step with your practice, or use your CareCredit custom link to have patients apply.
