

The Beauty of Established Trust

CareCredit has deep connections within the cosmetic industry, benefiting both our partners and their patients.

Patient Loyalty

Cardholders have trust in CareCredit as a financing solution they can use again and again at med spas enrolled in the CareCredit Network. In fact, 88% of medical spa tickets paid for with the CareCredit credit card are repeat uses.

Delivers Positive Patient Experiences

95% of cardholders surveyed rate CareCredit as a good to excellent value.¹

Helps Patients Get The Care They Want or Need

Special financing is available for all treatments and procedures that are \$200 or more.*

Provider Satisfaction

Many providers believe CareCredit is beneficial to their practice—with 81% of cosmetic providers surveyed stating they find CareCredit valuable to their practice.²

Helps Increase Treatment Acceptance

The average first ticket for a patient opening a CareCredit credit card in a medical aesthetic practice is around \$2,000, and repeat uses average \$833.

CareCredit Averages High Transaction Volumes

On average, there are 68,000+ uses of the CareCredit credit card per weekday.

Industry Credibility

With over 35 years of experience, CareCredit prides itself on industry credibility with patients and providers alike. We have one of the highest net promoter scores across all industries at 76.³

A Credit Card Consumers Can Rely On

CareCredit has 12+ million existing cardholder accounts, highlighting the widespread adoption and trust in CareCredit as a financing solution.

A Partner That Providers Trust

There are 270,000+ locations enrolled in the CareCredit Network, and 12,000 of those are med spa locations.
