

CareCredit is now available in Nextech!

Ready for a seamless financial experience for you and your patients?

CareCredit's integration with Nextech helps your team save time, increase productivity and creates a simple process for your patients to apply for the CareCredit credit card and to process transactions in your office.

Partner with CareCredit today to take advantage of these benefits:

EASIER: Flexible financing plus an easy way to pay

Help patients apply for CareCredit, access financing options that allow them to pay for out-of-pocket costs over time,* plus make quick, easy payments—all within Nextech.

FASTER: Reduced staff time and effort for billing

CareCredit transactions post automatically in your Nextech, and receipts are stored digitally.

BETTER: Simplified workflow

More information helps enable the right discussions at the right time. Batch Quickscreen displays if a patient is a CareCredit cardholder, their available credit, or if they are prequalified.
